

## Processing of EU Personal Data

In order to strictly protect participants' information (hereinafter referred to as "EU personal data"), Enhal Inc. (hereinafter referred to as "this company") is implementing the following measures.

### 1. Measures for protecting participants' EU personal data

(1) This company will manage participants' EU personal data appropriately.

(2) This company has a security manager that manages participant's EU personal data, and the manager properly manages the participant's EU personal data.

(3) The data this company acquires from participants is the participant's EU personal data which is necessary for providing the services such as participant's name, e-mail address, telephone number, address. This company may ask other questions for the purpose of providing participants with the desired services; however, this will be offered by the participant arbitrarily except for the minimum necessary items.

(4) <For inquiries and consultation > Depending on the contents of inquiry and consultation (hereinafter referred to as "consultation"), this company may notify third parties of EU personal data of participants in advance with consent.

(5) <For application> Depending on the type of service, this company may notify third parties of EU personal data of participants; for example, when notifying the participant's name and other information needed for shipping and accommodation agencies.

(6) In the case where participants wish to inquire or modify their own EU personal data, this company will respond within a reasonable range after confirming the participants' identification.

(7) This company will comply with the laws and regulations applicable to participant's EU personal data, and this company will review and improve these efforts as necessary. In connection with the occurrence of incidents, this company may cooperate in the publication of EU personal data due to the provision of data at the time of police investigation and requests from relevant organizations.

### 2. The purpose of processing EU personal data acquired from participants

This company will use EU personal data provided from participants. In addition, in the content of participant's inquiries and application, this company may use it within the necessary range for contact and confirmation with the related organizations.

### 3. For the conditions of handling of EU personal data

This company shall deal with EU personal data only if this company obtains consent from the participant and in any one of the following cases.

(1) When handling is necessary to comply with the legal obligation that this company shall abide by (When following information disclosure orders based on laws from government agencies, etc.).

(2) When handling is necessary to protect the serious interests of participants or other individuals (e.g., in the event that the life of participants or accompanying person falls into a serious crisis due to an accident during the conference, provide participant's or accompanying person's data to relevant organizations such as police and hospitals).

(3) When it is deemed appropriate to investigate, prevent, or take measures against illegal acts or suspicious acts.

#### 4. For international transfer of EU personal data

EU personal data may be stored in servers after they are transferred to the outsourcing contractors, etc. in Japan. This company shall manage participant's EU personal data appropriately.

#### 5. For safety management measures

In order to properly manage the EU personal data of participants, and prevent from leakage, loss or damage of EU personal data and so forth, this company shall implement technical and physical / organizational / personal safety management measures for them.

#### 6. Joint Use of EU Personal Data
